ISO 27001:2022

With this certificate Kiwa confirms that the management system implemented by

HMS Industrial Networks SA

meets the requirements of ISO 27001:2022 for the scope:

The Information Security Management System (ISMS) for HMS Industrial Networks applies to the design, development, implementation and support of Ewon routers connected to the Talk2M cloud solution for industrial users with hosting services included.

The ultimate aim of the ISMS is to secure the data flowing between the Ewon routers and the end-customer going through the Talk2M Platform.

The scope of the ISMS is specific to our industrial remote management solution (including the routers, the connectivity and analytics services) delivered by the Research and Development department of the Business Unit Ewon in Nivelles (BE) and Ravensburg (DE) and the related supporting functions in Nivelles (BE), Ravensburg (DE) and Halmstad (SE) in line with the HMS Industrial Networks SA ISMS statement of applicability.

ISMS includes statement of applicability version 1.0 dated 2023-07-11
