Ixxat®
BY HMS NETWORKS

SG-gateway

Item number: ASG2206-C

The Ixxat SG-gateway is used to integrate various industrial and energy-related devices into SCADA or cloud systems. It enables secure and reliable communication between energy systems, control rooms and industrial automation systems.

Features and benefits

SG-gateway

General

Net Weight (g)	450
Packed Weight (g)	565

Identification and Status

Product ID	ASG2206-C
Country of Origin	Sweden
HS Code	8517620000
Export Control Classification Number (ECCN)	EAR99

Certifications and Standards

ETIM Classification	EC001604
