

## SG-gateway

Item number: ASG4206-C

The Ixxat SG-gateway is used to integrate various industrial and energy-related devices into SCADA or cloud systems. It enables secure and reliable communication between energy systems, control rooms and industrial automation systems.

## Features and benefits

## General

Net Weight (g)	350
----------------	-----

Packed Weight (g)	350
-------------------	-----

## Identification and Status

Product ID	ASG4206-C
------------	-----------

Country of Origin	Sweden
-------------------	--------

HS Code	8517620000
---------	------------

Export Control Classification Number (ECCN)	EAR99
---	-------

Supply Risk Factor ERP	Volume not defined yet
------------------------	------------------------

## Certifications and Standards

ETIM Classification	EC001604
---------------------	----------
