

## Ixxat USB WiFi extension

Item number: 1.04.0143.00000

The Ixxat USB WiFi extension offers WiFi capability for the Ixxat CANnector and FRC-EP170/190 series through a USB 2.0 interface. This facilitates wireless data transmission, remote access, and seamless integration into networks, without the need for physical Ethernet cables.

*Accessory for Ixxat FRC-EP170, FRC-EP190 and CANnector*

### Features and benefits

✓ **Easy wireless integration**

USB-based WiFi System on a Chip (SoC) enables plug-&-play wireless connectivity.

✓ **Technical data overview**

Integrated 802.11n baseband (150Mbit/s) / Media Access Control (MAC) / power and low-noise amplifier / featuring transmit-receive and antenna diversity switches

✓ **Optimal compatibility**

Tailored for usage with Ixxat CANnector, FRC-EP170, and FRC-EP190 devices.

## Identification and Status

Product ID	1.04.0143.00000
Country of Origin	China
HS Code	8473302000
Export Control Classification Number (ECCN)	EAR99
Supply Risk Factor ERP	Volume not defined yet

## Certifications and Standards

ETIM Classification	EC000817
