

## Hisense VRF systems to Modbus TCP/RTU

Item number: INMBSHIS0640000

This Hisense application was designed to allow bidirectional control and monitoring of Hisense VRF systems from a BMS, SCADA, PLC, or any other device working as a Modbus client. The solution allowed the integration of up to 64 indoor units from a single interface. Please refer to the new product reference for further details.

## Features and benefits

Replaced by: IN770AIR00M0000
