

Item number: INKNXHIT001R000

The Hitachi-KNX interface allows full bidirectional communication between Hitachi Commercial & VRF systems and KNX installations. It has four potential-free binary inputs to integrate external devices (such as window contacts or presence detectors), with the corresponding internal functions available to help improve energy efficiency.

Hitachi to KNX - 1 indoor unit

Features and benefits

- **ETS** configuration
 - The interface is configured using the ETS standard configuration tool software.
- Multiple energy efficiency functions available Timeout, open window, or occupancy energy-saving functions are available to reduce energy costs.
- Total unit control and monitoring from KNX

 Through internal variables, running hours counter (for maintenance purposes), and error indication.
- AC unit control by both remote controller and KNX

 The AC unit can be simultaneously controlled by the manufacturer's remote controller and KNX.

- Compatible with all KNX thermostats in the market
 All the required DPT objects to be compatible with all KNX thermostats in the market are available.
- Smooth KNX thermostat integration

 KNX thermostats are allowed to control the AC unit via the thermostat's temperature sensor.
- Up to five scenes saved/executed from KNX
 Up to five scenes can be saved and executed from KNX.
- Compact dimensions, allowing inside installation

 The interface can be quickly installed inside the AC unit thanks to its reduced dimensions.

General	
Net Width (mm)	106
Net Height (mm)	58
Net Depth (mm)	90
Net Weight (g)	80
Operating Temperature °C Min	0
Operating Temperature °C Max	60
Input Voltage (V)	From the AC unit.
Power Connector	Other
Capacity	1 indoor unit.
Installation Conditions	This gateway is designed to be mounted inside an enclosure. If the unit is mounted outside an enclosure, precautions should always be taken to prevent electrostatic discharge to the unit. When working inside an enclosure (e.g., making adjustments, setting switches, etc.), typical anti-static precautions should always be followed before touching the unit.
Content of Delivery	Intesis gateway and installation manual.
Not Included (in delivery)	Communication cables.
Mounting	Wall mount
Housing Materials	Plastic
Warranty (years)	3 years
Packaging Material	Cardboard
Identification and Status	
Product ID	INKNXHIT001R000
Country of Origin	Spain

8517620000

HS Code

Identification and Status	
Export Control Classification Number (ECCN)	EAR99
Supply Risk Factor ERP	Volume not defined yet
Purchasing Multiple ERP	1
Certifications and Standards	
ETIM Classification	EC001604
WEEE Category	IT and telecommunications equipment

Use Case

HITACHI Binary inputs First Management Alarms First Mindows Binass Lighting management Alarms First Mindows First Mindow

Integration example.
