

Fujitsu RAC and VRF systems to BACnet MS/TP Interface (to CN connector)

Item number: IN485FGL001I000

The Fujitsu-BACnet interface allows full bidirectional communication between Fujitsu RAC and VRF systems and BACnet MS/TP (RS-485) networks. The interface enables BACnet communication via polling or subscription requests (COV), making the indoor unit available through independent BACnet objects.

Fujitsu to BACnet MS/TP - 1 indoor unit

Features and benefits

✓ **BACnet MS/TP and Modbus RTU supported**

The interface supports both BACnet MS/TP and Modbus RTU protocols.

✓ **AC unit data served as fixed BACnet Objects**

Air conditioning unit properties and functionalities are abstracted into fixed BACnet Objects.

✓ **Total unit control and monitoring from BACnet**

Through internal variables, running hours counter (for maintenance purposes), and error indication.

✓ **No external power required**

The interface is powered directly from the AC unit, so no external power supply is required.

✓ **Configuration from onboard DIP switches**

The interface configuration is carried out directly through its onboard DIP switches.

✓ **Occupancy function to allow energy savings**

Occupancy function that helps reduce costs, as HVAC systems are one of the main energy consumers.

✓ **AC unit control by remote and BACnet MS/TP**

The AC unit can simultaneously be controlled via BACnet MS/TP and its own remote controller.

Fujitsu RAC and VRF systems to BACnet MS/TP Interface (to CN connector)

General	
Net Width (mm)	53
Net Height (mm)	58
Net Depth (mm)	93
Net Weight (g)	180
Operating Temperature °C Min	0
Operating Temperature °C Max	70
Input Voltage (V)	From the AC unit.
Power Connector	Other
Capacity	1 indoor unit.
Installation Conditions	This gateway is designed to be mounted inside an enclosure. If the unit is mounted outside an enclosure, precautions should always be taken to prevent electrostatic discharge to the unit. When working inside an enclosure (e.g., making adjustments, setting switches, etc.), typical anti-static precautions should always be followed before touching the unit.
Content of Delivery	Intesis Gateway, Installation Manual, AC Connection cable.
Mounting	DIN rail mount (bracket included), Wall mount
Housing Materials	Plastic
Warranty (years)	3 years
Packaging Material	Cardboard

Identification and Status	
Product ID	IN485FGL001I000_BAC_FGL
Country of Origin	Spain
Export Control Classification Number (ECCN) ERP	8517620000
HS Code	8517620000

Fujitsu RAC and VRF systems to BACnet MS/TP Interface (to CN connector)

Identification and Status

Export Control Classification Number (ECCN)	EAR99
Supply Risk Factor ERP	Volume not defined yet

Physical Features

Connectors / Input / Output	EIA-485, HVAC port.
LED Indicators	AC and network status.
DIP & Rotary Switches	EIA-485 serial port configuration.

Certifications and Standards

ETIM Classification	EC001604
UNSPSC	ERPREADY
WEEE Category	IT and telecommunications equipment
