

## Anybus CompactCom Adapter Board - Module to STM32 Nucleo

Item number: 024620-B

This adapter board gives an Anybus CompactCom Module the hardware male interface of the popular Arduino UNO-type connector, compatible with STM32 Nucleo H7 boards. Please note, Anybus CompactCom Modules must be ordered separately.

*Evaluate the CompactCom Module and its API before starting your integration*

### Features and benefits

- ✓ **Comprehensive evaluation**  
Enables thorough evaluation of Anybus CompactCom capabilities SPI and serial (UART) host communication interfaces.
- ✓ **MCU Evaluation Board Compatibility**  
Connects to microcontroller evaluation boards incorporating the popular Arduino UNO-type connector.
- ✓ **Network flexibility**  
Facilitates trying out different network combinations.
- ✓ **Simple. Useful.**  
A simple hardware interface that lets you start software development instantly, before your own prototype is ready. CompactCom Modules are sold separately.
- ✓ **Get started quickly!**  
The Host Application Example Code includes an STM32CubeIDE project ported for STM32H7 Nucleo boards.

# Anybus CompactCom Adapter Board - Module to STM32 Nucleo

## General

Net Weight (g)	200
Packed Width (mm)	17
Packed Height (mm)	9
Packed Depth (mm)	19
Packed Weight (g)	200
Input Voltage (V)	Multiple options, see documentation.
Not Included (in delivery)	CompactCom Module(s)

## Identification and Status

Product ID	024620-B
Country of Origin	Sweden
HS Code	8517620000
Export Control Classification Number (ECCN)	EAR99
Supply Risk Factor ERP	Volume not defined yet
