

## Ewon Cosy 131 3G

Item number: EC6133D\_01MA

The Ewon Cosy 131 gateway establishes a secure VPN connection between the machine (PLC, HMI, or other devices) and the remote engineer. The connection happens through Talk2m, a highly secure industrial cloud service. The Ewon Cosy 131 makes industrial remote access easy and secure like never before!

*Industrial VPN gateway for secure machine remote access*

### Features and benefits

✓ **Successful remote connectivity in all situations**

The Ewon Cosy 131 offers multiple connectivity options for successful deployment in any situation. Easy installation requires no advanced IT knowledge.

# Ewon Cosy 131 3G
