

CHIP-SC24-IEC

Item number: 00566822

The SC24 includes processor, RAM and FLASH memory, Ethernet and serial interfaces and GPIO on a DIL32 size. This embedded platform comes with a preinstalled real-time multitasking operating system IPC@CHIP®-RTOS and a CODESYS V2.3 runtime license.

An embedded SoC web controller with a DIL32 footprint for IEC 61131-3 runtime system

Features and benefits

CHIP-SC24-IEC

General

Net Weight (g)	5
----------------	---

Packed Weight (g)	5
-------------------	---

Identification and Status

Product ID	00566822
------------	----------

Country of Origin	Germany
-------------------	---------

HS Code	8542319000
---------	------------

Export Control Classification Number (ECCN)	EAR99
