Ixxat INpact EIP Slave PCIe Mini

Item number: 1.01.0340.22100

The Ixxat INpact EIP Slave PCIe Mini is a versatile and efficient solution to connect embedded systems and PCs to EtherNet/IP networks. This preconfigured EtherNet/IP variant features a compact PCIe Mini format and provides interoperability and reliable communication in diverse industrial settings.

Features and benefits

Ixxat INpact EIP Slave PCIe Mini

General

Net Weight (g)	200
Packed Weight (g)	200
Isolation	1,500 Vrms
Packaging Material	Cardboard

Identification and Status

Product ID	1.01.0340.22100
Successor	1.01.0320.22110
Country of Origin	Germany
HS Code	8517620000
Export Control Classification Number (ECCN)	EAR99

EtherNet/IP Features

EtherNet/IP Supported Functionality	10/100 Mbit Ethernet ports with full/half duplex operation, Beacon Based DLR (Device Level Ring) and linear network topology supported, web server with customizable content, FTP server, E-mail client, Server Side Include (SSI) functionality, Customizable Identity Information, up to 65535 ADIs, CIP Parameter Object support, expandable CIP object implementation, supports unconnected CIP routing, Transparent Socket Interface, Modular Device functionality, QuickConnect supported, Multiple IO assembly instances can be created

Certifications and Standards

ETIM Classification	EC000515
WEEE Category	IT and telecommunications equipment
