

Anybus X-gateway IIoT -Modbus Plus Slave – OPC UA-MQTT

Item number: AB7568-F

The Anybus X-gateway IIoT Modbus Plus Slave to OPC UA-MQTT publishes process data from any Modbus Plus control system to OPC UA or MQTT information systems.

Features and benefits

Fast streaming of industrial network data

Enables the fast streaming of industrial network data into OPC UA and MQTT systems, supporting efficient data transfer.

Secure and isolated data flow

The gateway ensures that networks and devices remain secure and isolated by controlling data flow through an independent device. This prevents unauthorized access while maintaining reliable communication between systems.

No PLC card slot needed

The gateway does not use a card slot in the control system, leaving room for other equipment.

3-year warranty

The gateway is designed to be robust and long-lasting. A 3-year guarantee is provided.

Trusted partner

Anybus has a long history of working with all the major network organizations to ensure compliant, highperforming, and compatible products.

A protocol converter that connects Modbus Plus to OPC UA-MQTT information systems

One-Way data transfer to OPC UA or MQTT

The gateway transfers data to OPC UA or MQTT information systems, enabling integration with these platforms while ensuring a smooth, uninterrupted data flow.

Reach new markets

Target new markets using different protocols without needing to change your hardware or software, thereby decreasing your time to market and development costs.

Slim hardware design

The gateway is designed for IP20 and DIN-rail mounting, enabling you to install it with ease, close to connected devices, thereby reducing wiring requirements.

Easy configuration – No programming required!

Quickly establish the connection between the two networks with the included Anybus Configuration Manager software. No programming skills are required for the setup process.

Life cycle management

HMS maintains every part of the gateway, including network updates, throughout the product's lifecycle.
