Ixxat DoubleCAN cable

Item number: 1.04.0089.00201

The Ixxat DoubleCAN cable with D-Sub connectors is a practical accessory for FRC-EP190 and CANnector devices. It is used to easily separate two different CAN interfaces, with each connector offering distinct interface options based on the device variant. Its shielded design and twisted wires ensure reliable data transmission.

Accessory for Ixxat FRC-EP190 and CANnector

Features and benefits

✓ **Versatile connectivity**

Equipped with one 9-pin D-Sub socket splitting into two D-Sub 9 plugs, enabling flexible connections to various devices.

✓ **Optimal compatibility**

Specifically designed for usage with Ixxat FRC-EP190 or CANnector devices.

Ixxat DoubleCAN cable

General

Net Weight (g)	221
Packed Weight (g)	221

Identification and Status

Product ID	1.04.0089.00201
Country of Origin	Czechia
HS Code	8544429090
Dual Usage	No
Export Control Classification Number (ECCN)	EAR99

Physical Features

Contains Battery	No

Certifications and Standards

ETIM Classification	EC002584
