

Item number: INMBSDAI001R000

The Daikin-Modbus interface allowed full bidirectional communication between Daikin VRV and Sky systems and Modbus RTU (RS-485) networks. The interface acts as a server device for the installation, accessing all signals from the air conditioner unit. A wired remote controller can also be part of the network. Please refer to the new product reference for further details.

Replaced by: IN485DAI001R000

Features and benefits

- Modbus RTU (EIA-485) server device

 The interface acts as a Modbus server device through its Modbus RTU (EIA-485 connector) port.
- Energy savings through a window contact function
 This function helps minimize costs, as HVAC systems are a major building energy consumer.
- AC unit control by both the remote and Modbus RTU

 The AC unit can be simultaneously controlled by the manufacturer's remote controller and Modbus RTU.
- Multiple mounting options
 Mounting options include DIN rail, wall, or, in some AC models, even inside the indoor unit.

Oual configuration options

Configuration is carried out through the interface's onboard DIP switches and the Modbus interface.

- Total unit control and monitoring from Modbus RTU

 Through internal variables, running hours counter (for maintenance purposes), and error indication.
- No external power required

The interface is powered directly from the AC unit, so no external power supply is required.

General			
Net Width (mm)	53		
Net Height (mm)	58		
Net Depth (mm)	93		
Net Weight (g)	140		
Packed Width (mm)	14		
Packed Height (mm)	8		
Packed Depth (mm)	11		
Packed Weight (g)	180		
Capacity	1 indoor unit.		
Installation Conditions	This gateway is designed to be mounted inside an enclosure. If the unit is mounted outside an enclosure, precautions should always be taken to prevent electrostatic discharge to the unit. When working inside an enclosure (e.g., making adjustments, setting switches, etc.), typical anti-static precautions should always be followed before touching the unit.		
Warranty (years)	3 years

Product ID	INMBSDAI001R000			
Successor	IN485DAI001R000_MBS_DAI			
Country of Origin	Spain			
HS Code	8517620000			
Dual Usage	No			
Export Control Classification Number (ECCN)	EAR99			

Physical Features

Contains Battery No

Certifications and Standards

ETIM Classification EC001604

Certifications and Standards		
CE	Yes	
СВ	Yes	
UL	Yes	
WEEE Category	IT and telecommunications equipment	

Use Case

Integration example.
