

## Anybus ComBricks Fiber Optic

Item number: 101-201510

The Anybus PROFIBUS Fiber Optic module is a unique product that allows long cable distances and a galvanic isolation between devices and segments.

Enable easy network expansion over long distnaces

## Features and benefits

Easy network extension over long distances

The Fiber Optic module supports a cable length of 3km

The module enables the creation of point-to-point, star and bus topologies
