

RS-485 Serial Communication Card for CUB5

Item number: CUB5COM1

The CUB5 RS-485 Serial Communications Plug-In Option Card expands the capabilities of CUB5 units by enabling reliable and robust serial communication over an RS-485 interface. Designed exclusively for use with CUB5 series devices, this card supports multi-point balanced communication, making it ideal for distributed systems and applications requiring long-distance data transmission with multiple devices on a single bus.

Features and benefits

RS-485 Serial Communication Card for CUB5

General

Net Weight (g)	23
Packed Weight (g)	23
Power Consumption (W)	0
Warranty (years)	2

Identification and Status

Product ID	CUB5COM1
Country of Origin	United States of America (the)
HS Code	8517620000
Dual Usage	No
Export Control Classification Number (ECCN)	EAR99

Physical Features

Contains Battery	No
