

CANopen Option Card

Item number: XCCN0000

The CANopen® option card is a powerful and convenient addition for users of the Data Station Plus and Enhanced Modular Controller. Configured seamlessly using Crimson® Software (Version 2.0 or later), this card provides a digitally isolated CANopen port, ensuring robust and reliable communication with virtually any CANopen-compliant device. Its easy installation process allows for quick integration, expanding the connectivity capabilities of your existing Red Lion platform.

Features and benefits

CANopen Option Card

General	
Net Weight (g)	0.75
Packed Weight (g)	0.75
Input Voltage (V)	24 V @ 50 mA max
Identification and Status	
Product ID	XCCN0000
Country of Origin	United States of America (the)
HS Code	8538909999
Dual Usage	No
Physical Features	
Contains Battery	No
