

Product Change Notification

Dear Valued Customer,

Due to a supply restriction around a key component used in the product's Bill of Materials, we must announce the Obsolescence of two PAX Lite Panel Meters as listed below.

All other PAX and PAX Lite meters will remain active and available for sale, the component affected only applies to the designs used in the meters below specifically:

EOL Part Numbers	Description	Replacement Part Number	Description
PAXLC800	1/8 DIN 8-Digit Counter, AC Powered	CUB5B000 and MLPS2000	Miniature Electronic 8-Digit Counter and Rate Indicator, DC Powered And Micro-Line 24VDC Power Supply
PAXLC600	1/8 DIN 6-Digit Counter, AC Powered	PAXLCRU0	1/8 DIN 6-Digit Counter and Rate Indicator, AC or DC Powered

Key Milestones

6/16/2026

PAXLC800's will move to obsolete, PAXLC600's will be available for purchase until stock depletes.

Reason for Change

Component obsolescence core to the base unit's design

Description of Change

The PAXLC800 will be moving to the "Obsolete" life cycle phase and will no longer be available for purchase. The PAXLC600 will be available for last time purchase until stock is depleted.
