

# Product Change Notification

Dear Partner,

HMS appreciates your continued partnership and your long-term loyalty.

We understand that staying up to date on current and future happenings is important to our joint success.

We would like to inform you that the NT24k-GX8-SC multimode 1000BaseFX fiber module is obsolete, as the multimode fiber transceiver that was used on this module was discontinued by the manufacturer.

The NT24k modular rackmount and DIN-Rail switches, and all other modules remain available. That includes the NT24k-GXE8-SC singlemode modules, the NT24k-SFP8, NT24k-DM8, NT24k-TX8 and NT24k-FX8 modules.

Product Part Number	Description	Alternative NT24k Gigabit Fiber Modules
NT24k-GX8-SC	NT24k slide in module with 8 1000Base FX multimode fiber ports	NT24k-SFP8 NT24k-SFP-DM8

## Key Milestones

5/7/2026 NT24k-GX8-SC multimode module is no longer available.

## Reason for Change

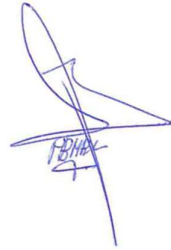

The multimode fiber transceiver used on the NT24k-GX8-SC module is no longer available from the manufacturer.

## Description of Change

The NT24k-GX8-SC multimode Gigabit fiber module is no longer available, and its product life cycle status has been changed to obsolete.
